

Get the best talent for your interactive digital media production.

Go ACTRA.

ACTRA is the union representing performers in recorded media in Canada, with 28,000 members across the country. Over 15,000 ACTRA performers are based in Ontario.

ACTRA performers are skilled professionals who will bring your content to life and add quality to your project.

ACTRA members are engaged as VOICE PERFORMERS, in MOTION CAPTURE, PERFORMANCE CAPTURE and STUNT PERFORMANCE on video games and other interactive digital media content.

ACTRA works with developers at all budget levels, including mobile games, apps, VR, AR, Indie games, and Triple-A productions. Invest in your interactive digital media production by hiring the most talented performers in the business.

How does it work?

Contact [ACTRA Toronto](#) if you are based anywhere in Ontario other than in the Capital region, or [ACTRA Ottawa](#) if the production is based there.

1. Tell ACTRA about the scope of the production – what are you developing and what kind of performers do you need?
2. Have an in-depth discussion with ACTRA about the applicable contract and performer rates for the production
3. Sign on to an ACTRA agreement and begin casting!
